**Groundbreaking set for 'Northside Place' in Corning N.Y.  
Rochester-Based Riedman Companies Begins New Home Construction**

**Rochester, N.Y., May 18, 2020** — Rochester-based Riedman Homes is breaking ground on a new model home and local community of 25 single family homes at the former Northside Blodgett School in Corning N.Y.. 'Northside Place' will be a custom home community with 1-story and 2-story plans and classic design features, ranging in size from 1300SF to 1700SF. These new homes will have a 2-car garage, full basement and numerous custom amenities for buyers to select. 'Northside Place' has been designed with the curb appeal and established streetscape in mind.

'Northside Place' represents a continuing investment by Riedman Companies' into the local Corning economy. With two other apartment communities, (Woods Edge and Academy Place), the on-going development of '176 Denison', and the introduction of 'Northside Place', Riedman Companies' is committed to the success of the Southern Tier.

President David Riedman says, "This community is being designed to fit seamlessly with the surrounding neighborhood. It will offer the latest innovations in single family home design and construction."

Jay Benesh, General Manager of Riedman Homes, says, "'Northside Place' is an exciting milestone in the growth of Riedman Homes. We have a team that loves what they do and believes that the community will love the homes that we create for them."

"We continue working on '176 Denison' but our construction team is very eager to start working on 'Northside Place'." VP of Construction, Rudy Osmancevic adds, "The addition of these new single-family homes brings new housing alternatives and opportunities to the Corning area."

During the construction of the model home, interested residents are encouraged to visit [RiedmanHomes.com](http://RiedmanHomes.com) for a site map, floor plans and to tour the state-of-the-art online design studio for inspiration and design options.

Lot reservations and purchase agreements will begin being accepted June 1, 2020. The model home is expected to open in August/September of 2020.

###
